I want you to take this opportunity to thank all the contributors and donors to Lavabanga community the village appreciate all what you have done. In fact it is been a great help to the village and also encourage the community to put up their best.

The project really run fast to prove to you that when we have funds we can put up our best. The Community extend its sincere gratitude to you and your lovely wife Christian for the wonderful support and also praying for you, long life and prosperity so that the relationship will remain longer enough for other development projects to be able to take place. We say thank you and to all donors.

This is how the project ran all the affairs and the funds. When the funds came we decided to complete our Junior Secondary School which was stang on the way due to financial situation. They one agree to that 10million is used on this. But the community usually supply labour and food for the workers. The community also help greatly for the completion of the building.
